Before the settlers entered the building, they demolished the wall that separates the building from another settlement outpost that was seized back in 2014 to facilitate movement between the settlement outposts. This land has been overtaken by settlers years ago for the purpose of agricultural cultivations. According to the Army Radio the declaration will be published in the coming weeks. This is the largest declaration since August 2014, when 4,000 dunams in the Etzion Bloc area were declared as state lands, resulting in an international storm of criticism. Peace Now: Continued land confiscation by the Netanyahu government is a diplomatic catastrophe. The government's decision is another step on the way to destroy the possibility for a two state solution. Netanyahu is being dragged by Naftali Bennett and begins a silence annexation of area C.
