Other

- **United Nations Office for the Coordination of Humanitarian Affairs (OCHA)** published a report about the new Israeli checkpoint in the occupied East Jerusalem. "Following an Israeli Security Cabinet decision of 14 October, Israeli forces blocked several main streets leading to and from most Palestinian neighborhoods in East Jerusalem. As of 21 October 38 obstacles, including 17 checkpoints, 20 cement blocks and one earth mound have been placed. These obstacles directly impact nine Palestinian neighborhoods home to approximately 138,000 people, or some 45 per cent of East Jerusalem's Palestinian population. Israeli authorities also erected a concrete barrier partially separating the Jabal Mukkaber neighborhood from the adjacent East Talpiyot settlement. Search and checking procedures at the newly deployed checkpoints have resulted in long queues, which delayed and disrupted the access of people to services, including educational and health facilities, places of work, as well as holy sites."
