Expansion of settlements

- Continue to build 71 more housing units in Har Homa approved. Jerusalem municipality approved the construction of three additional residential neighborhood in East Jerusalem despite international criticism. "Every week, tens of permits available units routinely and for the development of the city". Despite the harsh criticism that Israel had only two weeks before the tender for the construction of 2,600 housing units in the Jerusalem neighborhood of Givat plane, known today (Sunday) that the Jerusalem municipality approved the construction of another 71 new housing units in Har Homa in East Jerusalem. The approval was given in August to "Avisror and Sons" for the project "Avisror heights." The project is spread over an area of four acres and includes three buildings of eight to nine stories, each building 21-27 units. Har Homa is located in a sensitive area that requires the Palestinians under any future agreement. Therefore, this construction entails neighborhood generally harsh international criticism. The Jerusalem Municipality said in response that "building in Jerusalem is

continuing and will continue each week are given permits to dozens of units routinely and for the development of the city." ([Wallah](#) 19 October 2014)
