Other

- Israeli authorities established a new development they coined "Trump Heights", with Binyamin Netanyahu presiding over the unveiling ceremony alongside U.S. Ambassador to Israel David Friedman. The location for the new colony is on land stolen by Israel from Syria in the 1967 war, an area known as the Golan Heights, and illegally occupied by the Israeli military since that time. Donald Trump recently announced that he recognizes Israel's claim to the territory – despite no

internationally-recognized treaty or agreement ever having been signed ceding the territory. Israeli Prime Minister Binyamin Netanyahu held a ceremony on the site renaming the colonial settlement of Bruchim to 'Trump Heights'. In his statement, Netanyahu said, "We are going to do two things — establish a new community on the Golan Heights, something that has not been done for many years. This is an act of Zionism and it is paramount. The second thing is to honor our friend, a very great friend of the State of Israel — President Donald Trump, who recently recognized Israel's sovereignty over the Golan Heights."
