- The Israeli Occupation Army (IOA) invaded the ar-Ras al-Ahmar area in the West Bank’s Northern Plains, and confiscated a tractor, owned by Ahmad Thiab Abu Kheizaran. - The Israeli Occupation Army (IOA) notified the families of two Palestinians suspected of killing an Israeli soldier about their intention to demolish their houses in Beit Kahel town, northwest of Hebron. Security sources confirmed that an Israeli military force surrounded the family houses of Nasir Asafra and Kassem Asafra in Beit Kahel, and dragged the occupants outside before taking measurements and photos for the two houses in preparation for the planned punitive demolition. The raid came three days after the cousins 24-year-old Nasir and 30-year-old Kassem were detained by the IOA for being

suspected for the killing of an off-duty Israeli soldier outside the settlement of Ofra. Kassem's wife, Enas, and another man, identified as Akarma Asafra, were detained on suspicion they had assisted the suspected attackers. (Wafa 2 August 2019)

- The Israeli occupation authorities (IOA) stormed the village of al-Wallaja, near Bethlehem, to issue demolition orders to two homeowners who were in the midst of building on their family land. Demolition crews from the Israeli municipality in the occupied city of Jerusalem, accompanied by the Israeli Occupation Army (IOA), stormed the village and went to the Ein Al Juwezah area to the north. There, they delivered a notice to Palestinian homeowner Halima Ismail, ordering her to stop construction in her house, amounting to an area of 70 square meters; under the pretext of a lack of license. Ismail was given the notice, along with another Palestinian homeowner, Khaled Abu Gherkin, who had built a home on his land, along with his brother, after their previous home had been demolished by the IOA . Abu Gherkin received a demolition notice under the pretext of lack of license. (Wafa 13 August 2019)

- The Israeli Occupation Army (IOA) handed a notice ordering local resident Khaled Salah to stop the construction work on his 300-square-meters house in the town of al-Khader to the south of Bethlehem. (Wafa 13 August 2019)
- The Israeli occupation authorities (IOA) invaded the homes of the families of two Palestinian prisoners in Tulkarem and measured them in preparation for demolition. Though the vast majority (around 90% according to the Israeli Committee Against House Demolitions) of demolitions of Palestinian homes are administrative – with the claim that Palestinians ‘constructed the homes without permits’, around 10% are punitive demolitions, in which Israeli troops demolish the homes of the family members of Palestinians accused of crimes against Israelis. In this case, the two Palestinians in question stand accused of murdering an Israeli soldier and settler, Dvir Sorek. Their family members have not been accused of any crime, but will nevertheless be forced into homelessness by the Israeli policy of punitive home demolitions. The two accused men, cousins Nseir Asafra, 24, and Kassem Asafra, 30, were detained after a widescale manhunt by IOA

after an Israeli soldier was found dead. They were taken from their village of Beit Khalil, north of Hebron in the southern part of the West Bank. In addition to the two cousins, the IOA also abducted Kassem's wife Enas, and another relative, Akrama Asafra, who was suspected of aiding the two suspects. The four were taken to an Israeli interrogation center and subjected to 'harsh interrogation' techniques. According to the Israeli Committee Against House Demolitions, "Between 2001-2005, according to B'tselem figures, 664 Palestinian homes were demolished in the Occupied Territory as forms of punishment. Some 4,182 innocent people were displaced, many of them neighbors of the suspect's family, and this often on the basis of *suspicion* alone." (IMEMC 13 August 2019)

- The Israeli occupation Army (IOA) destroyed a large water tank used for irrigating farmlands near the village of Bardala, in the northern Jordan Valley region of the occupied West Bank. The IOA destroyed a 1000-cube water tank which was used by Palestinian villagers, in the area, for the irrigation of farmlands. The Israeli army claimed that the tank was built without Israeli permission, a pretext that Israel has used for years to prevent Palestinian development in the occupied Palestinian territories, including the Jordan Valley. (IMEMC 18 August 2019)

(IMEMC 22 August 2019)
- Israeli police escorted a bulldozer to the East Jerusalem neighborhood of Beit Hanina, where they heavy machinery demolished a house. The

demolished structure belonged to the Rajabi family. (IMEMC 22 August 2019)

- The Israeli occupation army (IOA) removed by force, Palestinian vegetable stands and vendors at Wadi al-Khalil military crossing, south of Dhahriyeh in the southern occupied West Bank. The removal of the stands, will result in the vendors and their families losing their sole source of income, estimated in the thousands of dollars. The stands used to serve hundreds of Palestinian workers who daily cross the military checkpoint to work in Israel and return home in the afternoon, buying their home needs from the vendors. The occupation army instructed the vendors not to return to that area. (IMEMC 22 August 2019)
- The Israeli Occupation Army (IOA) demolished two Palestinian homes in Beit Hanina town, north of occupied East Jerusalem. Dozens of IOA, police officers and undercover troops invaded al-Aqaba neighborhood in Beit Hanina and surrounded two homes owned by members of Rajabi family, after closing all roads leading to them. The IOA forced the families out of their homes, and demolished the properties, rendering twelve Palestinians, including three children, homeless. Ibrahim Rajabi, said he lived in his demolished home along with his wife, child, brother and sisters, and added that his other brother, and his family, lived in the second demolished property. Rajabi stated that his demolished home was 200 square/meters, and was built fifteen years ago, and added that he and his brother have been trying to obtain all needed permits and pay the fines, and even had a hearing at an Israeli court nearly three months ago. Although no final ruling was made, the family was surprised by the soldiers who invaded their property, forced them out and started demolishing the buildings. The Rajabi family said that it managed to delay the demolition for two hours, after the soldiers already destroyed parts of the property, and added that the District Court in occupied Jerusalem halted the destruction. However, the City Council in occupied Jerusalem demanded the family to pay a fine of 50.000 Shekels to postpone the demolition, and to leave the property, but the family was unable to do so, and the demolitions proceeded. (IMEMC 22 August 2019)
- A Palestinian was forced to demolish his own home in Silwan town, in occupied East Jerusalem, to avoid the excessively high fines and fees imposed by the City Council. The Palestinian, Mohammad al-Abbassi, had to demolish his home after the City Council decided to destroy the property “for being built without a permit.” The City Council informed

al-Abbassi that he either demolish his home, or the city would demolish his property, impose very high fines and fees, in addition to billing him for the costs of using its workers and machines in the destruction of his property. (IMEMC 24 August 2019)

- The Israeli occupation Army (IOA) and Bulldozers demolished a house and a restaurant in Beit Jala city, located to the west of the West Bank city of Bethlehem. A bulldozer arrived in Wadi al-Makhrou, a valley that stretches between Battir village and Beit Jala city, protected by Israeli Army. The IOA sealed off the area and surrounded the house and restaurant before the heavy machinery demolished them purportedly for lacking rarely-granted Israeli building permits. The property was owned by Ramzi Qaisyeh, whose restaurant had been demolished twice, including once in May 2012. (Wafa 26 August 2019)
- The Israeli Occupation Army (IOA) notified the families of three Palestinians of their apparent intention to demolish their houses in Beit Kahel town, northwest of Hebron. An Israeli military force surrounded the houses of the families of Ahmad Aref Asafra and Mu'men Said Zuhur, currently held in Israeli detention, besides to the house of Mu'men's grandfather, Attieh, dragged the occupants outside before taking measurements of the three houses. Ahmad and Mu'men were both detailed along with other 14 Palestinians by the IOA from the West Bank a week ago. They also ransacked a number of houses and summoned a youth to appear before the Israeli intelligence. This came 18 days after the cousins 24-year-old Nasir and 30-year-old Kassem were detained by the IOA for being suspected for the killing of an off-duty IOA outside the settlement of Ofra. Kassem's wife, Enas, and another man, identified as Akarma Asafra, were detained on suspicion they had assisted the suspected attackers. (Wafa 27 August 2019)
- Dozens of Israeli Occupation Army (IOA) aboard about 30 military vehicles stormed at dawn Beit Kahil town in the northwest of al-Khalil and took measurements and photos of three Palestinian homes as a prelude to demolishing them. The IOA stormed the homes of prisoners Ahmed Asafra and Mumen al-Zuhour and the home of Atiya al-Zuhour, the grandfather of Mumen, and evacuated the residents before embarking on mapping the houses and photographing them. The IOA also broke into and ransacked many homes in the town and handed a young man called Abdul-Mahdi al-Zuhour a summons from the Shin Bet. (PALINFO 27 August 2019)

Expansion of settlements

- **2,304 Settlement Units Promoted, 3 Outposts Regularized:** The HPC of the Civil Administration approved most of the plans that were on the agenda except for two that were postponed. In the end, **2,304 housing units were approved** – 88% of which are in the West Bank in settlements that Israel will probably be forced to evacuate under a two-state agreement. 838 housing units were approved for validation (second and final approval); 1,466 housing units were approved for deposit (first stage). **Plans for regularizing three outposts were approved** – discussion of the Brosh outpost was postponed because no resolutions had been made on the objections submitted (including an objection from Peace Now). Some of the plans are designed to legalize illegally constructed buildings in the settlements (see below). **Plans not discussed (and postponed):** Plan for 207 housing units in the Har Bracha settlement near Nablus – the plan requires an extension of the jurisdiction of the settlement. Because the jurisdiction is not changed the discussion on the plan was postponed. Program for regularizing the Brosh outpost as an educational institution – a decision has not yet been made on objections submitted regarding the plan and the discussion on it was likewise postponed. [For an updated list of programs, as approved – click here.](#) **88% would be deep in the West Bank:** Following the Cabinet’s decision last week to [promote the construction of 6,000 housing units in the settlements alongside 715 housing units for Palestinians](#), the Higher Planning Committee of the Civil Administration convened on Monday and Tuesday (August 5 and 6) to advance a series of settlement plans. **Peace Now:** *The approval of settlement plans is part of a disastrous government policy designed to prevent the possibility of peace and a two-state solution, and to annex part or all of the West Bank. The linkage of thousands of housing permits for settlers and a negligible number of housing units for Palestinians cannot hide the government’s discrimination policy. As a result, we see for example an approval of the illegal outpost (Haroeh Haivri) built for Israelis adjacent to the Palestinian bedouin village of Khan Al-Ahmar, for which the government refuses to approve any construction permits and instead seeks to transfer. Or we see, the approval of the construction of a new settlement neighborhood adjacent to the separation barrier after demolishing 72 housing units built adjacent to the separation barrier in Wadi Hummus, despite offering to fund security measures.* **The four outposts originally slated to be legalized:** The plans being advanced also include plans to retroactively legalize (“regulate”) four illegal outposts. Two weeks ago, [Peace Now released a report](#) revealing that under Netanyahu’s rule more than 30 new settlements (“outposts”) have been established, along with continuing retroactive legalization of existing outposts. The legalization of

outposts, including those that have been established in recent years, sends a clear message from the government that it is worthwhile to build settlements illegally, because the government will approve them retroactively. The four outposts to be legalized are as follows: [Givat Salit](#) – in the north of the Jordan Valley (established in 2002) – a plan for 94 new housing units; [Ibei Hanahal](#) – southeast of Bethlehem (established in 1999) – a program for the establishment of 98 new housing units; [Brosh \(Bitronot\)](#) (*discussion on plan postponed, see above*) – in the north of the Jordan Valley (established in 2013) – legalizing the outpost as an educational institution that includes hundreds of students and families of staff members. [Haroeh Haivri](#) – near Khan al-Ahmar east of Jerusalem (established in 2015) – legalizing the outpost as an educational institution that includes student housing and staff.

Other notable plans: Two plans in [Beit El](#), adjacent to Ramallah. One plan (No. 218/18/1) is for the construction of 346 housing units, and another (No. 218/4/1) with 36 existing units legalized by the plan’s approval. It should be noted that three years ago, a plan was approved for 296 other units in Beit El as part of the government’s “deal” with Beit El settlers following the evacuation of 30 apartments built on private land in the [Ulpana neighborhood](#) that the court ordered to demolish. Two plans in the settlement of Har [Bracha near Nablus](#) – Plan No. 114/2/4/1 for 207 housing units (*discussion postponed, see above*) and Plan 114/1/3 with 48 existing units to be retroactively legalized. In recent years, hundreds of housing units have been approved in the Bracha settlement and hundreds of housing units have been built there. Plan No. 114/2/4/1 requires an extension of the jurisdiction of the settlement, a fact that led to the postponement of the discussion on it.

After the demolitions in Wadi Hummus – a building permit adjacent to the separation barrier: One of the plans that was approved is Plan No. 208/3/1 in the settlement of [Ganei Modiin](#) for 194 housing units. In the late 1990s, Israeli entrepreneurs who purchased the area prepared a building plan for 250 housing units that were promoted and approved for deposit. However, due to the intention to build the separation barrier in the plan area, it was decided not to approve it (See in this regard, the judgment of [HCJ 2577/04](#) of the residents of Na’alin against the route of the fence). The new plan permits the construction for 194 units up to the completed portion of the separation barrier there. Recall that just two weeks ago, Israeli authorities demolished 72 housing units in Wadi Hummus (in Area A and B) east of Jerusalem, claiming that they were built adjacent to the separation barrier and posed a security threat. Residents offered to fund a high wall that would meet Israel’s security needs but their

application was rejected and the houses were demolished. Despite this inconsistency, the authorities decided to approve the construction of this plan in Ganei Modiin. The developers agreed to fund the building of a high wall for security purposes, thus resolving the matter. For the list of plans to be advanced, [click here](#). ([PEACENOW](#) 4 August 2019)

- The Israeli government and the Civil Administration Office, the executive and administrative branch of the illegal Israeli occupation of the West Bank, including Jerusalem, approved the construction of hundreds of units in Gush Etzion bloc, south of Bethlehem. The approval was for 300 new units in Etzion. (IMEMC 6 August 2019)
- The West Bank's Civil Administration High Planning Subcommittee authorized the promotion of 2,304 homes in settlements and outposts, of which 838 received a final approval for construction. Some of the planned construction will take place in illegal outposts, thus formally granting them the state's approval; 98 homes in the Ibei HaNahal outpost and 98 in the Givat Sal'it outpost were approved for early planning. A plan to promote an educational facility in the Haroe Ha'ivri outpost, near Ma'ale Edumim and the Palestinian village of Khan al-Ahmar, set to be evicted for lack of permits, was also approved for early planning. The Gush Etzion Regional Council Head, Shlomo Neeman, said in response that, "this is huge news for the south-east of Gush Etzion, to Jewish settlements in the Judean Desert and to the entire settlement movement." The Peace Now leftist movement said that approving the building of new homes in West Bank settlements is "a part of the destructive policy set to prevent a peaceful solution and the two-state solution and bring about the annexation of the West bank." "Hypocrisy is sky rocketing when the government grants its approval to an illegal outpost built by Israelis right next to the Palestinian village of Khan al-Ahmar, where construction isn't allowed. "The wrong is unforgivable when after destroying 72 homes because they built by the separation barrier in Wadi al-Hummus, the government approves a whole neighborhood for settlers by the barrier fence," concluded the organization statement. ([Ynetnews](#) 6 August 2019)
- The so-called "Civil Administration Office" the executive branch of Israel's illegal occupation, has approved the construction of 300 additional units in Gush Etzion settlement bloc, south of Bethlehem, in the occupied West Bank. Israeli Channel 7 has reported that the Civil Administration Office has made the official approval of the units in Etzion. (IMEMC 8 August 2019)

- The Israeli government has approved the plans for the construction of 2.430 units for Jewish settlers in Israeli settlements in the occupied West bank. The approval was made by the so-called High Planning Committee of the Israeli “Civil Administration,” the executive and administrative branch of the Israeli occupation in the West Bank, including occupied Jerusalem. The new plans do not only include expanding settlements, but also news constructions in outposts that were built without Israel’s approval, and therefore, they will be granted official approval before more units are added to them. %88 of the newly approved units are deep in the occupied West bank, and are located in settlements that Israel “is likely to be forced to evacuate as part of a future two-state agreement with the Palestinians.” (PEACENOW, IMEMC 8 August 2019)
- The Israeli “Planning and Construction Committee” in occupied Jerusalem has approved two plans for the construction of 641 units for settlers, west of Hebron Road, in the city. The first plan aims at building new units around Talpiot area, west of Hebron road, along the blue light-railroad line and east of Bethlehem, while the second plan will add units in Shaare Zion settlement. They aim at building two apartment buildings, in addition to a Synagogue, an industrial structure and various health facilities for the colonists. (IMEMC 2 August 2019)
- The Israeli Prime Minister Benjamin Netanyahu pledged to more than double the size of the West Bank settlement of Dolev. “We will deepen our roots and strike at our enemies,” Netanyahu said. “We will continue to strengthen and develop settlement” in Judea and Samaria. ([IPOST](#) 27 August 2019)

Erection of Israeli checkpoints

- The Israeli Occupation army (IOA) set up roadblocks in the north of the West Bank mainly on the road between Nablus and Jenin. The Israeli army claimed that shots were fired by a man on a motorcycle at

an army patrol near the village of Beit Sharaf, north of Nablus, and that he was able to get away. No one was injured in the alleged attack, said the army. Immediately after, the IOA began a manhunt for the alleged attacker and set up roadblocks from Beit Sharaf further north to the village of Burqa. (Wafa 1 August 2019)

The IOA manning the Container checkpoint, that controls the only major road connecting the southern West Bank Governorates of Hebron and Bethlehem to the central and northern West Bank, closed the checkpoint from both sides for no apparent reason, causing heavy traffic congestion. (Wafa 25 August 2019)

Israeli Closures

- The Israeli occupation army (IOA) installed a metal gate at the entrance connecting between the town of Jabaa' to the southwest of Bethlehem and the town of Surif to the north of Bethlehem, in the southern occupied West Bank. - The Israeli Occupation Army (IOA) installed military roadblocks at the entrances of Sa'ir and Halhoul towns, in addition to Hebron's northern road, before stopping and searching dozens of cars, and interrogated the Palestinians while inspecting their ID cards. (IMEMC 5 August 2019)

- The Israeli occupation army stormed the town of Sebastia, north of Nablus, and closed the archaeological site to citizens. (MAAN, 5 August 2019)
- The Israeli Occupation Army (IOA) ordered the closure of an agricultural road in Umm Safa village, located to the northwest of Ramallah. Head of Umm Safa Village Council Marwan Sabbah received a notification from Israeli military informing him that an agricultural road that was opened with support from the Palestinian Ministry of Agriculture will be closed. The road, which extends for 2.5 kilometers, is used by local farmers to access their olive orchards which cover an estimated area of 2,000 dunums. (Wafa 12 August 2019)
- The Israeli occupation Army (IOA) closed the main roads to all Palestinian villages west of Ramallah, and reinforced their military presence at the entrances to Ramallah and Al-Bireh. The IOA closed the road to Ein Ayoub, and the entrance to the village of Ras Karkar. The troops invaded Ras Karkar and raided a number of homes and businesses, and detained journalist Hisham Abu Shakra. The IOA stationed themselves at the northern entrance to the city of Ramallah, in the road leading to the village of Sarda, and stopped all vehicles and searched them. In addition, the IOA are stationed at the Ein Sinaia junction north of Ramallah, where they are searching all vehicles entering and leaving the governorate. The IOA also invaded Beitunia village, west of Ramallah. They positioned themselves at the main roundabout in the center of the town and prevented vehicles from going back and forth. (IMEMC 24 August 2019)
- The Israeli occupation Army (IOA) blocked the western entrance to Ramallah city in the West Bank and deployed road barriers, causing a heavy build-up of traffic. The IOA closed the road leading to Palestinian villages in the west of Ramallah and searched passing Palestinian vehicles without allowing them to use the road. The IOF also raided several commercial stores in Palestinian villages in the west of Ramallah and confiscated security camera recordings from them. The IOF intensified its security measures in the West Bank, especially in Ramallah, after one female settler was killed and two others were injured last Friday in an attack with an explosive device near the illegal settlement of Dolev. (PALINFO 26 August 2019)
- The Israeli occupation Army (IOA) closed the Ibrahimi Mosque in al-Khalil city for 24 hours in order to allow Jewish settlers to celebrate a religious event. The IOA closed the Ibrahimi Mosque entirely before Muslim worshippers and allowed scores of Jewish settlers to defile it.

The settlers pitched tents in the Mosque's courtyards. (PALINFO 29 August 2019)

- The Israeli occupation Army (IOA) sealed the main entrance to the town of Beit Ummar, to the north of Hebron. The army shut , with a metal gate, the entrance to the town, forcing Palestinians to use longer routes to enter or exit the village. (IMEMC 31 August 2019)
- The Israeli occupation army (IOA) continues to close the main road near Deir Ibzi village (al-Enab area), which is used daily by some 60,000 Palestinian citizens from areas in western Ramallah. The Israeli closure of this road has forced local residents to travel on rough long routes to reach their destinations. The IOA have been besieging Palestinian villages and towns in western Ramallah and blocking the Ein Bubin-Deir Ibzi road for eight days. (PALINFO 31 August 2019)

The Israeli Segregation Wall

- The Israeli occupation authority (IOA) has decided to build a new concrete wall around all areas in the northeast of the Gaza Strip. According to Israel's Channel 12, the wall is intended to prevent any infiltration attempt by Palestinians on Israel's southern border with Gaza. The wall will be built along Road 34, which is located near Sderot settlement and agricultural settlements. (IMEMC 13 August 2019)

Other

- The Palestinian Authority has for the first time announced its intent to grant building permits in parts of the West Bank known as Area C, which is under full Israeli civilian and security control. The Oslo Accords divided the West Bank into three distinct regions: Area A, which is fully controlled by the PA; Area B, which is under PA civil administration and Israeli military control; and Area C, comprising approximately 60 percent of the entire territory. Last month, Palestinian President Mahmoud Abbas announced the suspension of all agreements previously signed with Israel, just a few days after IDF forces demolished several Palestinian buildings in an East Jerusalem neighborhood that spilled over into Area A. Ahmed Ghoneim, the PA's deputy minister of local government – which is tasked with urban planning, including the issuance of construction permits – said that the latest move effectively extends the PA's jurisdiction in the West Bank. "We are implementing the decision (to cut ties with Israel)," Ghoneim

said. "On the order of President Abbas, a committee has been formed to develop mechanisms to follow through." He added that the Ramallah-based PA was merely acting in accordance with the 1993 Oslo Accords, which called for the transfer to the Palestinians of the vast majority of the West Bank 18 months after elections for the Palestinian Legislative Council, or parliament. The elections were held in 1996. "From a political point of view, the terms 'A,' 'B' and 'C' no longer exist to us," Ghoneim stressed, adding that "from a professional and technical perspective, we will apply planning policies in Palestine at three levels: national, regional and local." ([YNETNEWS](#) 5 August 2019)

- Prime Minister Benjamin Netanyahu pledged to secure US support to place West Bank settlements within Israel's sovereign borders in any US-led peace deal with the Palestinians. He spoke in advance of the arrival in Israel of Trump administration envoy Jared Kushner, who is spearheading that plan. "No settlement or settler will ever be uprooted from here," Netanyahu said, as he made a campaign stop in the Efrat settlement located in the Gush Etzion region just outside of Jerusalem. His chief rival in the upcoming September 17 election, Blue and White Party head Benny Gantz, also did some old-fashioned shoe-leather politicking. Gantz took to the West Bank hilltops, driving up the long winding road to an overlook called Sartaba, which was the site of an ancient biblical fortress. The former IDF chief of staff promised that the Jordan Valley would remain in Israeli hands and that he would not uproot any settlements there, explaining that it is vital to Israel's security to hold on to the area. "We know the Jordan Valley from our many years of service in the IDF – we know this region's strategic importance," Gantz said. "In every final arrangement, the Jordan Valley must and will be an inseparable part of the State of Israel. The valley is the eastern protective wall of the State of Israel. It will forever remain under our control. This is of immense strategic importance." "This is a crucial strategic area, which Israel needs, always needed, and will always need in the future," he said. "If there were times that [only] an [IDF] division was able to maneuver in this area, now there are times that other jihadists or other elements or enemies might infiltrate this area." From where he stood, there was a commanding view of the region. Date orchards and a water reservoir dotted the valley below. He traveled with another leading member of his party, former IDF chief of staff Moshe Ya'alon, as well as with MKs Yoaz Hendel, Maj.-Gen. (res.) Orna Barbivai, Alon Shuster and Zvi Hauser. Netanyahu has often accused the Blue and White Party of wanting to form a left-wing coalition that would make dangerous territorial concessions. The

Likud Party wasted no time in attacking Gantz. “Benny Gantz is making widespread promises regarding the future of the Jordan Valley, but when he was the IDF chief of staff, he promoted plans for a full withdrawal from Judea and Samaria, and he wanted to turn over the Jordan Valley to international forces,” the party said. “These elections are between Prime Minister Netanyahu – who has demonstrated his capabilities to withstand pressure and maintain the Land of Israel – and Gantz-Lapid-Barak, who will give up our homeland, withdraw from settlements and endanger the country,” the Likud added. But Gantz’s position on the Jordan Valley mirrors that of Netanyahu, who has also spoken of it as a vital security asset for Israel. Netanyahu has touted his record as a builder, and on the sandy Jordan Valley hilltop under a bright sun, Gantz pledged to develop the region for both the Israelis and the Palestinians living there. “We will develop a national plan and allocate billions of shekels in the coming years for settlement, agriculture and commerce,” he said. “We will develop a comprehensive plan, which includes the establishment of an urban center in Ma’aleh Ephraim as well as the expansion of Route 90. Blue and White is committed to the residents of the Jordan Valley.” A development plan for Palestinians in the area would be based on Israel’s security needs. “Israeli and Palestinians will be able to enjoy this area,” Gantz said. SHOULD HE beat Netanyahu in the elections, Gantz would bring formidable military experience to the position at a time when Iran is increasing its military efforts against Israel. But in Efrat, Netanyahu said that what is needed at this critical juncture in Israeli history is an experienced prime minister who could withstand international pressure, particularly when it comes to the issue of leaving Judea and Samaria in Israeli hands. “We have stood against extreme pressures and against an international front that is not easy,” Netanyahu said. “We succeeded because we worked and act wisely.” To continue to achieve this kind of success, he said, two things are needed: “Experience, along with a real ability to influence public opinion in the United States.” “That is why we have been able to successfully act... even when the [US] government was against us,” Netanyahu said. “One cannot lead the State of Israel, one cannot be prime minister, without the real power of American public opinion.” Without the ability to influence public opinion and overcome any US opposition, “there will be concessions and there will be submissions,” the prime minister said. The Israeli Left holds that it’s necessary to make such concessions to secure international acceptance, he added. Netanyahu warned that Yesh Atid Party head Yair Lapid wants to evacuate 80,000-90,000 settlers. He said he saw this as a sign of

weakness, and added, “I don’t believe in weakness, I believe in power.” It is for this reason, he said, that he transformed Israel into a superpower. In the next election, Netanyahu said, voters will have a choice between the Left’s road and “our road.” The only way to ensure a right-wing government is to vote for the Likud, the largest right-wing party, he said. As the head of the Likud, he said that if he receives the public’s trust, he would continue to secure a great future for the State of Israel. In Efrat, Netanyahu helped inaugurate a promenade and unveiled a plaque with his name on it. “Efrat and Gush Etzion are the southern gateway of Jerusalem,” he said. “I had the great privilege to build up Judea and Samaria and [help] connect Gush Etzion to Jerusalem. I’m committed to this.” Efrat Council head Oded Revivi showed the prime minister two new neighborhoods in Efrat that had been built during Netanyahu’s tenure in office, thanks to his approval. In total, Netanyahu is responsible for the construction of 1,057 units in Efrat. Families are already living in 600 of those homes. Plans have been advanced for 8,250 homes in Efrat. Once completed, those homes would transform Efrat into a city. Revivi thanked Netanyahu for his contribution to the city and urged the public to give him another term in office. “Vote for the largest right-wing party that supports settlements – the Likud,” Revivi said.
