Brutality of the Israeli Occupation Army

- The Israeli occupation Army (IOA) intensified its arbitrary measure in the vicinity of the Ibrahimi Mosque in the Old City of al-Khali and on the roads near the settlement of Kiryat Arba. The IOA also closed the Ibrahimi Mosque and expelled all Awqaf employees and Muslim worshipers from inside it in order to allow Jewish settlers to hold religious celebrations. (PALINFO 9 October 2019)
- The Israeli occupation Army (IOA) invaded the southern area of Hebron city, and searched the home of one Palestinian, identified as Taleb Othman Abu Sneina. (IMEMC 9 October 2019)
- A Palestinian child was injured by a tear gas canister fired by Israeli occupation Army (IOA) during a raid on al-Janiya village west of Ramallah City. The IOA stormed al-Janiya village amid heavy and random firing of tear gas canisters and stun grenades. The child suffered various burns after he was hit by a tear gas canister while he was in his home's yard. (IMEMC 9 October 2019)

Israeli Arrests

- The Israeli occupation Army (IOA) kidnaped a Palestinian elderly man from his home in al-Khalil city. A large number of IOA troops stormed Farsh al-Hawa neighborhood of the city and kidnaped 72-year-old Badran Jaber after ransacking his home. The IOA assaulted one of Jaber's sons as they were searching the house. (PALINFO 9 October 2019)
- The Israeli occupation Army (IOA) invaded Beit Ummar town, north of the southern West Bank city of Hebron, and detained one child. The IOA stormed and violently searched the home of Abul-Karim and Dayya, causing damage, and detaining his son, Mohammad, 16. The IOA drove on various streets in the town, and withdrew later, taking the child to a nearby military base. (IMEMC 9 October 2019)

Israeli Settler Violence

- A group of Israeli settlers burnt dozens of Palestinian olive trees in Burin village, south of the northern West Bank city of Nablus. The armed settlers invaded olive orchards in the area between Burin and Huwwara and burnt the trees. The fire consumed at least 70 olive trees, before Palestinian firefighters managed to extinguish it. The attack was carried out less than 24 hours after the settlers cut and uprooted 36 Palestinian olive trees in an area isolated behind the Separation Wall, and the Palestinians cannot enter them without a permit from the Israeli army. (IMEMC 9 October 2019)
- Groups of Jewish settlers raided the Aqsa Mosque's courtyards under tight police guard. About 200 settlers entered the Mosque in groups and toured its courtyards. The Israeli occupation police closed al-Maghariba Gate, which is used by Jews to enter the Mosque, at 10:30 am after the settlers complete their morning tours at the holy site. Later in the afternoon, the same gate is reopened for evening tours by settlers. During the presence of settlers inside the Mosque compound, entry restrictions are imposed on Muslim worshippers at the entrances leading to the Mosque and their IDs are seized until they leave the holy place. (PALINFO 9 October 2019)
- A group of Israeli settlers attacked dozens of Palestinian cars, driving on a road in northern West Bank. The settlers hurled stones at the Palestinian cars, driving on Ramallah-Nablus Road, near the al-Lubban ash-Sharqiya village, south of the northern West Bank city of Nablus. The attacks led to damage in many cars, and that the assailants also attempted to physically assault several Palestinians. (IMEMC 9 October 2019)

Expansion of settlements

- The Israeli occupation authority (IOA) intends to turn a vast tract of Palestinian land in the Khan al-Ahmar area between Jerusalem and the Dead Sea into a garbage dump. The IOA also plans to establish a waste recycling plant in the same area, thus seizing 900 dunums of Palestinian land and expelling Palestinian residents from the area in order to establish the dump and the recycling facility. About 250 to 300 trucks would unload about 3,500 tons of waste every day in the area. (PALINFO 9 October 2019)
