Israeli Violations' Activities in the oPt

6 November 2019

The daily report highlights the violations behind Israeli home demolitions and demolition threats in the occupied Palestinian territory, the confiscation and razing of lands, the uprooting and destruction of fruit trees, the expansion of settlements and erection of outposts, the brutality of the Israeli Occupation Army, the Israeli settlers violence against Palestinian civilians and properties, the erection of checkpoints, the construction of the Israeli segregation wall and the issuance of military orders for the various Israeli purposes.

The Violations are based on reports provided by field workers and\or news sources.

The text is not quoted directly from the sources but is edited for clarity.

The daily report does not necessarily reflect ARIJ's opinion.

This DAILY REPORT is prepared as part of the project entitled Advocating for a Sustainable and Viable Resolution of Israeli-Palestinian Conflict which is financially supported by the EU. Brutality of the Israeli Occupation Army

- A young Palestinian man was injured after the Israeli occupation Army (IOA) opened fire at him, to the south of Jenin City, in the northern West Bank. A Palestinian worker from al-Yamun village, identified as Faisal Ghanama, age 24, was shot while attempting to enter the pre-1948 Palestinian territories for work, through a separation wall gate. The IOA detained Ghanama, and then handed him over to the Palestinian Red Crescent Society, who later transferred him to the hospital, for treatment. (IMEMC 6 November 2019)
- The Israeli occupation forces (IOF) on Wednesday morning carried out a limited incursion into the northeast of the Gaza Strip border. Local sources said that several armored bulldozers advanced a few meters into a border area in the east of Jabalia and embarked on leveling plots of land. The sources reported seeing some soldiers deploying barbed wire along the security fence in the area. The eastern border areas of Gaza are repeatedly exposed to Israeli military incursions and gunfire attacks, which prevents hundreds of farmers from working their lands near the security fence. Israeli Arrests

- The Israeli Occupation Army (IOA) invaded the Bethlehem Governorate before dawn and detained three youth and a 45-year old man suffering from cancer. The attacks took place in Beit Jala town, Aida refugee camp, and al-Izza refugee camp in Bethlehem. Israeli troops invaded the region with multiple armored vehicles and soldiers, and forced their way into several family homes where the residents were sleeping. In al-Izza camp north of Bethlehem, the IOA detained a cancer patient, Nawaf Ismail al-Qaisi, 45. From the same camp, Israeli troops detained Mohammed Nader Jawarish, 17. (IMEMC 6 November 2019)

Israeli Settler Violence

- Israeli settlers stole an olive harvest belonging to Palestinian farmers in the village of al-Lubban al-Sharqiya, to the south of the northern West Bank city of Nablus. Israeli settlers from the nearby settlement of Eli had stolen the harvest of about 900 of their olive trees. (IMEMC 6 November 2019)
- Dozens of Israeli settlers stormed al-Aqsa Mosque in Jerusalem while escorted by a large police force. 57 Jewish settlers, led by Israel's former Minister of Agriculture Uri Ariel, broke into al-Aqsa Mosque in the morning. The settlers roamed al-Aqsa Mosque's courtyards and performed provocative rituals at the site before they left through al-Silsila Gate. (PALINFO 6 November 2019)

Confiscation & Razing of lands

- Israeli Authorities have decided to seize over 50 hectares of private Palestinian lands in the town of Hizma, east of occupied Jerusalem. The lands will be used to expand the roads used by Israeli occupation Army (IOA) and settlers leading to Adam settlement. (IMEMC 6 November 2019)
- Israeli occupation authorities (IOA) have issued an order to seize more Palestinian lands in Faqqu'a town west of the West Bank city of Jenin. The IOA will confiscate 60 dunums of Palestinian-owned land near the separation wall. The move is expected to take effect in February 2020. (PALINFO 6 November 2019)
