

The Annual Cost of the Israeli Occupation on the Palestinian Economy

The Israeli occupation of Palestine imposes a huge price tag on the Palestinian economy. Israel restricts Palestinian access to their natural resources, controls Palestinian import and export processes due to its control over borders, hinders the development of many Palestinian industries, and continues to damage Palestinian infrastructure while restricting economic development, especially in Area C.

Natural Resources

2,627.2 million

Fishing industry

Access to water resources

Gas marine reserve

Land confiscation

Infrastructure
