## Israeli Violations' Activities in the occupied State of Palestine

23 September 2022

The daily report highlights the violations behind Israeli home demolitions and demolition threats in the occupied Palestinian territory, the confiscation and razing of lands, the uprooting and destruction of fruit trees, the expansion of settlements and erection of outposts, the brutality of the Israeli Occupation Army, the Israeli settlers violence against Palestinian civilians and properties, the erection of checkpoints, the construction of the Israeli segregation wall and the issuance of military orders for the various Israeli purposes.

*The Violations are based on reports provided by field workers and/or news sources.*

*The text is not quoted directly from the sources but is edited for clarity.*

*The daily report does not necessarily reflect ARIJ's opinion.*

This DAILY REPORT is prepared as part of the project entitled ASSESSING THE IMPEDIMENTS BEFORE THE TWO-STATE SOLUTION, which is financially supported by the EU. However, the content of this presentation is the sole responsibility of ARIJ & LRC and does not necessarily reflect those of the donors.

## Violations of the Israeli Occupation Army

- Many Palestinian patients and staffers were injured after Israeli soldiers fired a gas bomb at the Emergency Unit of a hospital in Hebron, in the southern part of the occupied West Bank. The soldiers fired a gas bomb that struck the entrance of the Emergency Unit at the Hebron governmental hospital, causing many patients and staffers to suffer the effects of tear gas inhalation. The soldiers deliberately fired the gas bomb into the hospital, especially since there were no protests in the area. (IMEMC 23 September 2022)
- Israeli soldiers injured several Palestinians during the weekly procession against the illegal colonies in Beit Dajan village, east of Nablus, in the northern part of the occupied West Bank. The Palestinians marched chanting against the escalating Israeli violations and calling for liberation and independence before the soldiers fired several live rounds, rubber-coated steel bullets, and gas bombs. Many Palestinians suffered the effects of tear gas inhalation. (IMEMC 23 September 2022)
- Israeli soldiers attacked the weekly procession in Kufur Qaddoum, east of the northern West Bank city of Qalqilia, and shot eleven Palestinians, including a child, and caused many to suffer the effects of tear gas inhalation. The procession started in the afternoon when the Palestinians gathered in the center of the town and marched while chanting against the ongoing Israeli occupation, escalation, and illegal colonialist activities. The soldiers invaded Kufur Qaddoum and attacked the protesters with live rounds, rubber-coated steel bullets, gas bombs, and concussion grenades. The soldiers shot a child, 13, with a live round in the thigh, and ten Palestinians with rubber-coated steel bullets. Many Palestinians suffered the effects of tear gas inhalation. (IMEMC 23 September 2022)
- Israeli soldiers fired many live rounds at Palestinian farmers on their lands near the fence in the northern part of the Gaza Strip and fishing boats in southern Gaza. The soldiers attacked the farmers on their land north of Beit Hanoun, in the northern part of the Gaza Strip, forcing them to leave. The soldiers also fired many live rounds at areas near a landfill north of Beit

- Hanoun, causing property damage. In addition, Israeli navy ships fired live rounds at three Palestinian fishing boats, near the Rafah shore, in southern Gaza. The soldiers surrounded the boats before attacking them, causing damage, eyewitnesses said. (IMEMC 23 September 2022)
- Clashes were reported between Palestinian youths and Israeli occupation forces (IOF) in several areas of the West Bank following the start of the weekly anti-settlement marches. IOF soldiers fired rubber-coated metal bullets and tear gas bombs at Palestinian protestors to quell the anti-settlement marches in Beit Dajan village in Nablus and Kafr Qaddoum village in Qalqilya, leaving several Palestinian civilians injured. Seven Palestinian civilians were injured by rubber-coated metal bullets in Kafr Qaddoum, while three others were wounded in Beit Dajan. Palestinian protestors called for removing the settlement outpost of Avitar in Beita village south of the West Bank city of Nablus. (PALINFO 23 September 2022)
  - Israeli soldiers blocked the checkpoint of Huwara south of Nablus, imposing restrictions on the movement of Palestinian civilians' vehicles, to facilitate a Jewish settlers' raid into the town of Huwara. (PALINFO 23 September 2022)
  - The Israeli naval forces opened fire at Palestinian fishermen's boats in the northern Gaza Strip. Israeli gunboats opened heavy machinegun fire at a number of Palestinian fishing boats while sailing off the coast of Jabalia, Beit Lahia, Al-Waha and Al-Sudaniah in northern Gaza. The fishermen were forced to return ashore. (PALINFO 23 September 2022)

### **Israeli Settler Violence**

- Israeli colonizers, squatting on stolen Palestinian lands, chased several Palestinian shepherds in the Northern Plains of the occupied West Bank- in Kherbit Makhoul. The colonizers invaded Palestinian grazing lands and chased the shepherds away. The colonizers threatened to shoot the shepherds and chased them to their tents in a nearby area. (IMEMC 23 September 2022)

### **Israeli Closures**

- Israeli occupation forces shut down the Huwwara military checkpoint on the south entrance to the city of Nablus, north of the occupied West Bank. Soldiers abruptly shut down the checkpoint to the Palestinian traffic, denying Palestinians access to the Nablus-Ramallah road forcing them to use longer alternative routes. The unexpected Israeli shutdown coincides with reports that hundreds of Israeli settlers from adjacent Israeli settlements are planning a provocative march into the nearby village of Huwwara.
