## **Confiscation & Razing of lands**

- Several Israeli army vehicles carried out invasion into Palestinian agricultural lands east of Rafah, in the southern part of the Gaza Strip. The invasion was carried out by four armored military bulldozers, before they advanced dozens of meters into the lands in the Nahda neighborhood, east of Rafah. The Israeli vehicles leveled sections of the invaded lands, especially near the perimeter fence, while military drones flew overhead. The invaded area is one of many lands near the fence that are subject to repeated invasions, which also include bulldozing and uprooting them. (IMEMC 3 June 2019)
