Israeli Settler Violence

- Israeli settlers, erected a large tent on the Kafal Haris roundabout, to the north of Salfit. Large numbers of settlers were sitting inside the tent, protected by Israeli Occupation Army (IOA). It is worth mentioning that the IOA closed the entrances of Kafal Hares, Hashar and Deir Istiya. Dozens of settlers were deployed at the road intersections of Salfit governorate, the main streets linking with the other governorates, and the Yitzhar junction, to the south of Nablus. They threw stones at vehicles passing by the road between Nablus and Qalqilia, damaging several of them. (IMEMC 19 March 2019)
- Israeli settlers have set up several mobile homes in the southeastern part of the northern West Bank town of Kafr Qaddoum, to the east of Qalailia. Israeli settlers, under heavy military protection, set up several mobile homes or caravans near the Kedumim settlement. This came as settlers stepped up their attacks against Palestinians in the northern West Bank.
- Israeli settlers hurled rocks at Palestinian vehicles travelling along Nablus-Qalqilia and Nablus-Tulkarem Roads, causing damages.
- Israeli settlers attacked a Palestinian house with stones in Huwwara town, to the south of Nablus, shattering its windows. No injuries were reported to have occurred, in any of the attacks.
