## Israeli Closures

- Israeli occupation authorities announced last night the full closure of all crossings with the West Bank and the Gaza Strip, as part of ongoing precautions against the spread of novel COVID-19 (coronavirus). Under the current closure conditions, workers, merchants and other permit-holders will not be allowed to enter Israel until further notice, with the exception of some permitted cases working in the vital healthcare sector. Palestinians working in Israel would have to find accommodation at their employer's discretion in Israel without commuting back to their homes in the West Bank or Gaza at the end of the day, as is the case in the rest of the year. Previously, thousands of Palestinian workers in the West Bank and Gaza would commute to Israel via the border crossings in the early morning for their workplace, and would return to their homes in the evening.
