### **Home Demolition & Demolition threats**

- **The Israeli Occupation Army (IOA)** ordered two Palestinian brothers to tear down agricultural structures in the area of Khirbet Yerza, in the northern Jordan Valley. Israeli authorities ordered two Palestinian brothers, Rami and Hafez Masaeed, to remove their structures within 96 hours, under the pretext that they were built without an Israeli issued permit. The IOA confiscated a Palestinian-owned water tanker, east of Tubas, west of the Jordan Valley. The IOA seized the water tanker while the contractor was working on rehabilitating a road east of Tubas. (IMEMC 22 September 2021)
- The Israeli occupation authorities (IOA) seized street vendors near the Qalandia checkpoint, north of occupied Jerusalem. The IOA loaded the stalls and seized them after destroying their contents, and as a result clashes broke out in the area with no casualties reported. (Wafa 22 September 2021)
- The Israeli occupation Army (IOA) photographed Shallal Al-Auja elementary mixed school, and a number of tin houses, in Ain Al-Auja, north of Jericho, in preparation for demolition. The IOA stormed the area, photographed the houses in the area and surrounded the school that was re-built last Friday and Saturday, in cooperation with the Wall and Settlement Resistance Commission and the Ministry of Education.
